

FAIR EXHIBITOR'S MANUAL

The organizer of the fair offers to take advantage of the unique opportunity to present your products and services at the Federal Wholesale Fair of Textile and Light Industry Goods and Equipment "TEXTILLEGPROM" in order to successfully achieve the goal that you are pursuing by participating in the fair.

So that you can organize your work in the best possible way and get the maximum effect from participating in the fair, we offer the "Fair Exhibitor's Manual". Please read the information contained in it carefully and follow the instructions provided, the execution of which will save you unnecessary trouble. Please also keep in mind the deadlines for submitting information set out in this Manual. This will allow us to fulfill your wishes properly.

ATTENTION: If your company has different employees or departments responsible for the delivery of fair materials and exhibits, the construction of the stand or its design, please notify them of receipt of this Manual or hand it over to the appropriate person. If you have any questions about the information contained in the Manual, please contact us immediately.

At the same time, every incomplete hour is counted as a full one.

On September 24, 2024, the extension of the installation is possible only in agreement with the Organizer.

EXHIBITION AREA CLEANING

1. Any work on cleaning floor coverings in the Exhibition Center during the Fair is carried out exclusively by the Administrative and Economic Department (hereinafter “AED”) of Crocus Expo directly or with the involvement of companies accredited by it, with the exception of cleaning, wiping, polishing exhibits and cleaning food areas. It is not allowed for the Organizer or the Exhibitor to involve third-party companies to clean the floor coverings on the territory of the Exhibition Center during the Fair Period. Independent work using technical means for cleaning floor coverings on the territory of the Exhibition Center during the Fair is prohibited.

2. During the installation and dismantling of the Fair, Exhibitors or Developers pack construction debris and waste into their own bags and pack them into containers ordered by them. Bulky garbage (garbage that does not fit in garbage bags) is packed by Exhibitors and Developers into containers for bulky garbage ordered by them. Storing garbage outside containers is prohibited. The container is loaded during the current working day until 08:00 p.m. At the end of the working day, Crocus Expo ensures the removal of all containers to landfills.

3. Cleaning of the exhibition exposition, built up by the General Developer, during the installation and dismantling period is carried out by employees of Buildexpo LLC. Before the exhibition, the stands are completely cleaned, wall panels, friezes, showcases are cleaned, film is removed, etc. All visible elements are cleaned of construction dust and handed over in their pure form to the Organizer. On the opening day of the Fair, the floor covering is cleaned with a vacuum cleaner at the stand.

4. The disposal of waste liquids and waste paint and varnish materials is carried out by the Exhibitors independently in accordance with applicable environmental standards and regulations. If necessary, disposal can be ordered at the Crocus Expo AED.

5. Putting garbage in the aisles after the installation is completed is not allowed. For violations of this requirement, the Exhibitor or the Developer pays for cleaning the aisles of the corresponding exhibition hall in double amounts according to the tariffs of the Exhibition Center.

6. On September 24, 2024, after 04:00 p.m., it is prohibited to carry out any construction, finishing or commissioning works of the Final cleaning before the opening of the Fair. Fines are imposed on violators, they also pay for additional cleaning of the contaminated area. The area to be cleaned is determined by the Crocus Expo AED and is paid according to the tariffs of the Exhibition Center with a 100% (one hundred percent) surcharge.

7. During the Fair, Exhibitors put trash cans filled with solid household waste in the aisles. Baskets that are not displayed from the stands are not subject to cleaning.

8. Additional cleaning can be ordered in accordance with the conditions according to Appendix No. 2 to the Contract.

9. The exhibition area is considered ready for return after the end of the General Period of the Fair, if it is free of exhibition equipment and debris. In case of late release of the Exhibition Area, the consequences provided for by the conditions of overtime use of the exhibition area occur

10. Washing of vehicles and disposal of waste liquids in the Crocus Expo and in the territory adjacent to the Exhibition Center, with the exception of places specially designated and equipped for such purposes, is prohibited.
